2010 NEW YORK STATE H.O.G. RALLY

A lively city, Syracuse made its name first for the production of salt, next for its central position on the Erie Canal, and most importantly, as the home of the 2010 NY State H.O.G. Rally. Syracuse...the Heart of New York...the Crossroads of New York State. A place rich in heritage, tradition, style and zest. A region of rolling hills, flat plains, lakes and streams. A great starting point for all trips north, south, east or west.
